JCW:

Your verbal message, which reached me as " Paul Sherbert may be written to," was not clear, but I assume you mean you had NOT met him here , and I will proceed on that understanding.

Just this minute had a phone call from Dr. Palmer Craig in Bangalore with the news that Upton Ewing, who had flown back to the US to recuperate from pneumonia contracted in Hawaii, had felt so good on arrival that he had just turned around and flown back - and is now due to arrive in Bangalore on Friday! (How's that for mileage??) But now there's a snag - Craig's TCM boss is arriving on Sunday the 12th, the day they had planned to come here, and won't leave until Tuesday, and he has to be met and squired around. They want to know if they can bring Ewing to see you on Saturday the 11th. What time?

JM

Craig said he sent you a memo, with a carbon to me, on Saturday - registered mail, from Bangalore. Mine has not arrived here yet. I think it was about the manuscript of yours he was reading. M.

Dear Paul Sherbert:

I had no sooner mailed my note and the background material on His Highness to you, than the very next mail brought the latest schedule of New York appointments from the Indian Consul-General's office. We see you are, as we say in America, right in there pitching - with BOTH a dinner and a reception!

Once the festivities are over, if you could have your office airmail on to me here a list of the names and addresses of the people who came to meet His Highness, for his permanent file on the USA, here, it would be most helpful, and we would be most grateful to you.

Cordial regards,

Julie Medlock

P.S. When I was leaving NY last year I seem to recall you were preparing a house for the Asia Society in the East 60's. Have you moved in, yet? JM
